

Looking for a master project?

MOLECULAR FIELDSCOPY

We are looking for a motivated and passionate student who would like to work on high-energy, mid-infrared fieldscopy, a joint project between the groups of Prof. Matthias Kling and Dr. Hanieh Fattahi.

The master project will be focused on generation of high-energy, few-cycle, mid-infrared laser pulses and their detection.

To apply, please send a copy of your Bachelor transcript, an overview of your Master grades and a one page résumé to:

Dr. Hanieh Fattahi, email: hanieh.fattahi@mpq.mpg.de, <http://www.attoworld.de/FRS>

Prof. Matthias Kling, email: matthias.kling@mpq.mpg.de, <http://attosecondimaging.de/>
