

Looking for a master project?

2D overtone FIELDSCOPY

We are looking for a motivated and passionate student who would like to work on two-dimensional, overtone fieldscopy, a joint project between the groups of Prof. Matthias Kling and Dr. Hanieh Fattahi. The master project will be focused on development and characterization of the system followed by preliminary spectroscopy measurements.

To apply, please send a copy of your Bachelor transcript, an overview of your Master grades and a one page résumé to:

Dr. Hanieh Fattahi, email: hanieh.fattahi@mpq.mpg.de, <http://www.attoworld.de/FRS>

Prof. Matthias Kling, email: matthias.kling@mpq.mpg.de, <http://attosecondimaging.de/>
